PLAIN AND STRAIGHT HEATS

Boston Bred Gelding Evens Score with Hamburg Belle—
Detroit and Cleveland Clinch to a Draw—Athletics
Win—Westerly at Sachem Park This Afternoon.

Readville, Mass., Sept. 3.—Over a
track fully two seconds slower than
when the great Lila Dillon started the
world with a mile in two minutes
thereon, the trotting gelding Uhlman to-
day defeated Hamburg Belle in
straight heats at the Readville track in
the second meeting of the pair to de-
cide the trotting championship of the
world. As Uhlman is a locally owned
and bred horse, the victory was natu-
rally exceedingly popular, the crowd of ten
thousand cheering vociferously at the
conclusion of each of the heats and
also when the victor returned to the
wire for Driver Robert Proctor to weigh in.

Hamburg Belle the Favorite.
Hamburg Belle was favorite before
the start at odds of 5 to 3, because of
her success last week in the first meet-
ing of the cracks at Cleveland, when
she earned the world's record of
2:01 1-4 for trotters in a race, two
seconds better than the previous mark-
ing that had stood since the Crescens-
Abbot race at Brighton Beach in
1902.

The Mare Gets the Pole.
In drawing for position today Billy
Andrews secured the pole. This was
rather disheartening to those follow-
ing Uhlman for the general post when it
was that had the gelding been at the
pole at Cleveland he must have won
in the record time.
On the second score Walker sent
them away to the start. Immediately
Andrews opened a gap of a
length, maintaining this advantage
until the time when the gelding was
seen Proctor was driving for the
first time in earnest in attempting to
catch the leader.

Uhlman Closes Up in the Stretch.
Rapidly he closed on the mare until
at the head of the home stretch he
had her lapped, his head being at her
saddle. Andrews apparently had con-
fidence in the finishing ability of
Hamburg Belle and never made a
move until he saw Uhlman had got to
her neck. Then, thirty yards from
the wire, he tapped the trotting queen
a couple of times, but failed to re-
spond and Uhlman quickly went into
the lead, winning by two lengths.
The fractional parts of the mile were
31 3-4, 1:02 1-4, 1:33 1-4 and 2:04 3-4
for the mile.

Second Heat a Hot Fight.
After a couple of warming up scores
for the second heat the contestants
turned for the word and got in the
first time down. With the pole and
backers and admirers of the Boston
representative had concluded it was a
big surprise by fairly jumping Hamburg
Belle so fast that it appeared from the
grandstand as if Uhlman had met with
an accident and been forced to the
stockstill. It was a wonderful burst
of speed, considering too, that the
quarter was reached in 31 seconds.
From that point Uhlman was in the
about the same position back of the
leader as the previous heat, and Proctor,
too, made his drive in the latter
part at exactly the same place as be-
fore.

Neck and Neck Through the Stretch.
Andrews, knowing the result of
waiting possibly too long in the for-
mer mile, was not to be easily de-
ceived this time and began when en-
tering the stretch to tease his mare
for increased speed. However, Uhl-
man, who was at certain points
crawling to even terms and had col-

FINANCIAL AND COMMERCIAL.
U. S. STEEL DOMINATED MARKET.
Enormous Blocks Changing Hands—
Stock Prices Continue to Advance.
New York, Sept. 3.—Prices continued
to advance today in the stock market
with a rather desultory demand. The
transactions in United States Steel
dominated the whole market, enormous
blocks of that security changing hands
throughout the day. The opening sales
were of 13,500 shares, the orders being
executed simultaneously at 78 1/8 and
1/2, thus establishing the stock on a
new record basis. A market in which
United States Steel rose for the first
time above 80 it did late in the day
and was called entirely uninteresting,
yet the comparison of sales of United
States Steel with the aggregate of all
stocks above have largely that stock
overshadowed everything else. Trade
news on steel continued encouraging,
but the movement in United States
Steel was accompanied also by signs
of a highly speculative origin. Pains
were taken to employ the cable to re-
port that predictions were current in
Europe that the price of the stock was
to go to 100. Chicago sent a report
that an increase in the dividend to 4
per cent was in contemplation at the
next quarter and to 5 per cent soon
thereafter. Longer range predictions
figured next year's business at an ag-
gregate of a round billion dollars and
fact that most of these "pips" were in-
capable, by their nature, of verifica-
tion or refutation did not seem to
rob them of their influence in the stock
market. The sympathetic effect on the
general list was considerable, but not
universal. The upward movement was
uneven and did not affect some of the
inactive stocks. Covering of shorts
by the bear party on the eve of the
three days' holiday was given large
credit for the price movement. The
failure of a stock exchange firm of
minor importance passed almost with-
out notice, coming, seemingly, without
great surprise. The weakness of the
local traction group was due to the
appointment of a receiver for the Met-
ropolitan Securities company, this fur-
ther complicating the involved finances
of the companies. Special strength in
the Rock Island was accompanied
by rumors of an early redemption
of dividends on Rock Island preferred
and on St. Louis and San Francisco
second preferred. The copper stocks
hung back and selling of refined cop-
per by second hands kept up the un-
favorable impression of market condi-
tions for that metal. Preliminary es-
timates of the weekly currency move-
ment compiled by the banks themselves
indicate the balance of the movement
still in favor of New York, but for a
less amount than last week. A de-
cline in cash holdings of near \$3,000,000
seems likely to be shown by the bank
statements. The quiet tone of the
money market seems to leave no room
for uneasiness on the part of specu-
lative borrowers. There was some signs
of disapprobation on the part of the
banks with the volume of loans of some
stock market borrowers, nevertheless,
and some recent selling of stocks was
said to be in response to intimations
from the banks. Bank were stated.
Total sales, par value, \$3,320,000. United
States four registered have de-
clined one-quarter and one coupon one-
half per cent on call stock last week.
